For 8.5 x 11" Paper:

- Please print out page 2 of this PDF
- Cut around the outline, fold in half and add a personal note
- A thicker cardstock is recommended

To Make Your Heart:

1. You'll need an embroidery needle, multicolored thread, thumbtack and scissors
2. Use a thumbtack to punch small holes through the dots around the outside. Then, add a larger hole in the center of the heart.
3. Thread the needle with your floss, tie a knot around the end and push it through the center hole.
4. Thread it back through one of the holes that outlines the heart. Keep stitching like this, pushing down through the center hole and up through the perimeter.
5. To finish, tie the floss into a knot in the back to secure it.
