Ch 104

Step 1: sl st in 4th ch from hook (creates a ring for your first flower), ch 1, sc 12 into ring

Step 2: sl in first sc, sl in the 6 sc, (you do this so that your beginning ch is across from you) sc into the same st as your last sl st, *ch 2, cluster stitch in next st, ch 2, sc into next st*, repeat around from * to *. After your 3rd petal you want to sl st around your ch of 100, this makes so the flower will lay flat against your foot. Continue making your petals until you have 6. After your last ch 2, sl st into the first sc

Step 3: ch 9, sl in 4th ch from hook, ch 1, sc 12 into ring

Step 4: repeat step 2

Step 5: repeat steps 3 and 2 until you have 3 flowers total

Step 6: ch 9, sl in 4th ch from hook, ch 1, sc 12 into ring

Step 7: sl in the next 9 sc, sc into the same st as your last sl st, *ch 2, cluster stitch in the next st, ch 2, sc in next st*, repeat from * to *. After your 2nd petal sl st around your ch 9 to keep everything straight and repeat your petals until you have 6.

Step 8: repeat steps 3 and 2 until you have 3 more flowers

Step 9: ch 100 and fasten off

Step 10: toe flower; join thread to the middle flower in the base of the flower not top with a sl st (it'll pull down into the middle)

Step 11: ch 9, sl in 4th ch from hook, ch 1, sc 12 into ring

Step 12: sc into the first sc, *ch 2, cluster stitch in next st, ch 2, sc into next st*, repeat around from * to *. After your 3rd petal you want to sl st into next sc instead of sc, ch 15, sl st into the same st as you started (this makes the toe loop). *ch 2, cluster stitch in next st, ch 2, sc into next st*, repeat around from * to * until you have 6 petals all together. Fasten off and weave in ends.
